

**Douglas B. Walsh Ph.D.**

*Professor, Entomology* Promotion effective July 1, 2009

Environmental and Agricultural Entomology Laboratory    *Voice:* 509-786-9287  
WSU Prosser    *FAX:* 509-786-9370  
Irrigated Agriculture Research and Extension Center    [dwalsh@wsu.edu](mailto:dwalsh@wsu.edu)  
24106 N. Bunn Road, Prosser, WA 99350-9687

**Degrees Earned**

---

<i>Degree</i>		<i>Institution</i>
B. S. Biology – Plant Sciences	1985	University of California, Santa Cruz
Ph. D. Entomology	1998	University of California, Davis

**Awards**

---

***Distinguished Achievement Award in Extension*** Pacific Branch Entomological Society of America, 2009  
***Team Interdisciplinary Award***, Washington State University,  
College of Agricultural Human and Natural Resource Sciences. 2008  
***Integrated Pest Management Team Award***, American Entomological Foundation,  
Pacific Northwest Vineyard IPM Team. 2007.  
***Excellence in Integrated Research and Extension Award***, Washington State University,  
College of Agricultural Human and Natural Resource Sciences. 2007.  
***Integrated Pest Management Team Award***, Pacific Branch Entomological Society of America,  
Pacific Northwest Vineyard IPM Team. 2007.

**Walsh Overall Summary 2008**

**Appointment: 75% Extension / 25% Research**

Refereed Publications	2 published & 2 in print
Professional non-Refereed	8
Technical Publications	16
Abstracts	10
Extension Bulletins	2
Conference Proceedings	4
Popular Periodicals	4
Commodity Commission Reports	9
Extension Presentations	45
GLP Magnitude of Residue Studies	15

**Walsh Project Funding 2008**

Federal Competitive Programs	\$107,660
State Competitive Programs	155,031
State Commodity Commissions	51,000
WSCP	81,546
USDA-IR-4 Program	90,000
Agrichemical Industry	30,800
<b>Total</b>	<b>\$516,037</b>

## **Environmental Outcomes of Research and Extension Activities**

Research and Extension efforts over the past decade are documented to have reduced organophosphate, organochlorine, and carbamate use by over 100,000 pounds per year on agricultural commodities produced in the Pacific Northwest.

## **Service Work**

### ***Ex-Officio* Commissioner, Washington State Commission on Pesticide Registration**

1. Review research proposals originating from Washington State University prior to submission.
2. Attend bi-monthly meetings throughout Washington State to review-approve/reject funding for pest management research projects.
